Iris
Gardens

1963

Post Office Box 288

Valley Center, California

GREETINGS FOR 1963

With this, our fourteenth catalog, we send our best wishes to all iris lovers. We have about 60 varieties which rebloom well for us here and I'll mention it in the description of these iris so perhaps others of you who have mild winters will want to try some and perhaps enjoy bloom from six to nine months of the year, as we do here from some varieties. We also have quite a few that will rebloom during the summer and fall in colder areas.

We extend an invitation to all to visit us, especially at the main iris blooming season, April and May, with our peak bloom about May 1st. Many bring their cameras and take pictures.

Valley Center is in San Diego County in Southern California, 9 miles northeast of Escondido, on the road to the famous Palomar Observatory, which is 21 miles from here. We are on the main road, look for our sign and drive in. Our new fields are about 2 blocks from the highway. Garden Club groups are especially welcome but we would appreciate knowing in advance when you would like to come.

We wish to thank all our customers for their splendid orders and our sincere thanks to all who sent nice letters of appreciation for the fine plants and extras they received. Wish we could answer each one personally, but time forbids. We hope also to be able to serve you again this year. We get many repeat orders the same season from satisfied customers, and our special thanks for recommending us to others. To prospective new customers, take advantage of these low prices and try some of our iris. Only the price is reduced, not the quality. Satisfaction is guaranteed.

Sincerely yours,

Mrs. Frances J. Lawson

NOTE OUR LOW PRICES — most are from a third to a half or more below most retail prices.

TERMS OF SALE

CASH with order, check, draft or money order. California residents please add 4% sales tax.

No. C.O.D. shipments please, as it means more work for us and more expense for you.

POSTAGE PAID on orders in U.S.A. of \$5.00 or more, if under, please add 50¢ to help with the expense of packing and postage.

SPECIAL POSTAGE OFFER — If your order amounts to \$5.00 or more, and if you include \$1.00 toward postage and packing, we will send you an extra iris, of our choice, listed at \$2.00 or more.

SHIPPING starts July 1st and orders will be shipped in rotation as received unless special shipping date is required. We appreciate your telling us the best time to ship to your location. We can ship in the spring if necessary. In most of Texas and other warm, dry locations, Sept. and Oct. are good planting months. Naturally, iris shipped early aren't as large as later shipments, but they can be growing in your garden as well as here.

GUARANTEE—We have a 'Pinto Tag', the highest form of State Inspection. Our iris are disease free, hardy and top quality. They are guaranteed true to name and to grow for you. However, we are not responsible for winter kill.

FREE GIFT—We want to be generous so will include a free gift iris with all orders, even at these low prices.

SPECIAL BONUS—On all orders postmarked before June 1, 1963, we will send an extra bonus iris, of our choice. So get your order in early, win the extra free iris and avoid the possibility of our being sold out, as some varieties are in short supply. Please list several extra varieties which we may substitute if necessary or choose your gift from if stock permits, as we would rather send you something we know you don't have and would like.

GENERAL LIST

*Denotes Oncobreds

- AIRY GRACE** (Stevens '47) Silky cream, brown dots at the haft, reblooms. 50
- ALBINO GIRL*** (Noyd '59) Ruffled white with green line up midrib. White beard tipped tangerine. Sets seed. 2.50

MEDIAN IRIS

Dwarfs, Lilliputs, Intermediates, Tables and Borders

We find a growing interest in these shorter and smaller editions of the tall bearded varieties. The shorter bloom stalks are useful in the rock garden and for the border plantings. The smaller blossoms are ideal in arrangements. Most of the rhizomes are small but prolific with increase. Heights range from 11" to 28".

ALICE FISHALL—18" Violet standards, white falls with purple veining. 30

ANGELITA—16" Table iris, creamy white with blue stitching. 60

BENTON OLD MADRID—28" Orchid-pink self, yellow beard. 25

BLACK FOREST—Dark blue, almost black border iris, reblooms. 40

BLUE—Lentz 18" Medium blue self, border iris. 25

BOBBY HOUDYSHEL—15" White with orchid markings. 25

BRIDE—11" Dwarf, creamy white with green veins, starts blooming here in Jan. 30

CAROLINE E. STRINGER—18" Orchid-pink and white, dotted orchid. 30

CHEWINK—20" Diploid border iris, lavender with gold beard. 30

CHURCHMOUSE—18" Lavender brown border iris. 35

COCKATOO—15" Small ruffled yellow diploid. 25

CREPE PAPER—18" Very ruffled yellow lined and flushed with violet, orange beard. 35

DAYSTAR—18" Table iris, creamy white with red-orange beard. 40

FRISCOETTE—28" Diploid border iris, blue and white plicata. 25

FRO—18" Yellow standards and violet falls. 35

GREEN SPOT—12" Lilliput, white flower with a half inch patch of bright green at the end of the beard. Cook-Douglas Award '59 50

KEWPIE—28" Mulberry rose with orange-yellow beard. 30

LA BOHEMIENNE—24" Diploid border iris, striped salmon pink. 35

LIGHT BLUE—18" Border iris with yellow-white beard. Nice in front of Friscoette 25

LILLIPUT—15" Ruffled and flared light lobelia blue-orchid with spot of deep blue on falls, white beard. 60

LITTLE FRIEDA—28" Small rose-lavender border iris. 25

LITTLE MOHEE—5" Dwarf, blended brown bitone, darker falls with yellow border. H.M. '54. 50

MIDWEST—18" Ruffled plicata orchid on white, border iris. 40

PINK DOVE—26" Lilac pink with darker falls, border iris. ----- .35
PINK RUFFLES—27" Heavily ruffled lilac-pink self for the border.----- .40
PRECIOUS GEM—24" Diploid plicata, white stitched rosy-orchid. ----- .40
RENE CAYEUX—18" Border iris, cream standards and violet falls edged with cream. ----- .40
RHAGES—20" Orchid with purple dots, border iris. ----- .30
ROMEO—18" Median, yellow standards and lavender falls. Won Queen of Show at El Paso, Tex. '60. ----- .50
SANDYSON—18" Diploid border iris, cream dotted with lavender. ---- .35
SMARTY PANTS—18" Table iris yellow with the falls striped red. ----- .40
SOUTHLAND—18" Intermediate yellow, reblooms summer fall or winter.--- .35

SPARK—15" Deep brick red. ---- .30
SPOT—18" Standards blue-white, falls streaked purple. ----- .25

IRIS CULTURE

Iris are easy to plant and require a minimum of care. They will do well in almost any sunny, well drained spot. Spread the roots and plant so the rhizome is just barely covered with soil. The soil should be kept moist until the plant is well established, then will withstand drought and neglect, but respond bountifully to proper care and culture. Bone meal may be worked into the soil before planting, a small handful to each plant, or used as a side dressing once a year. Be careful if you use fertilizers, not to let it come in contact with the rhizome, as it may cause rot. Since Iris multiply rapidly, planting should be spaced from 12 to 18 inches apart to allow for proper ventilation. Divide them about every three years for best results.
